

# SILENCE is GOLDEN.

Reduced operator noise. For increased resident satisfaction.

PRODUCT BROCHURE HCTDCUL  
SPECIALTY OVERHEAD OPERATOR

**LiftMaster**

# UPTIME. ALL THE TIME.

Engineered to reduce breakdowns, the Specialty Overhead Operator ensures the traffic in your garage keeps moving safely—now with extended rail lengths of 14 and 16 feet, in addition to our 8-, 10- and 12-foot rails.

## THE BOTTOM LINE:

	VALUE
<b>24/7 uptime:</b> Smooth start/stop operation extends hardware life.	<b>\$150</b> FOR REPAIRS
<b>Full occupancy:</b> Industry-leading quiet design ensures happy residents near the garage.	<b>\$5,000</b> PER TENANT
<b>No wait at the gate/door:</b> Quick opening speeds keep impatient drivers from hitting the gate/door.	<b>\$150</b> FOR REPAIRS
<b>Nonstop access:</b> Ample Battery Backup power eliminates a service call to open the gate/door when the power's down.	<b>\$150</b> PER CALL
<b>Corrosion resistant:</b> Premium rail finish provides maximum rust protection to save on maintenance expenses.	<b>\$150</b> FOR REPAIRS

### **QUIET OPERATION**

Eliminate noise and vibrations in units directly above your garage with ultra-quiet performance.

### **TRAFFIC EFFICIENCY**

Avoid backups with selectable opening speeds up to 25% faster than standard operators—11 inches per second.

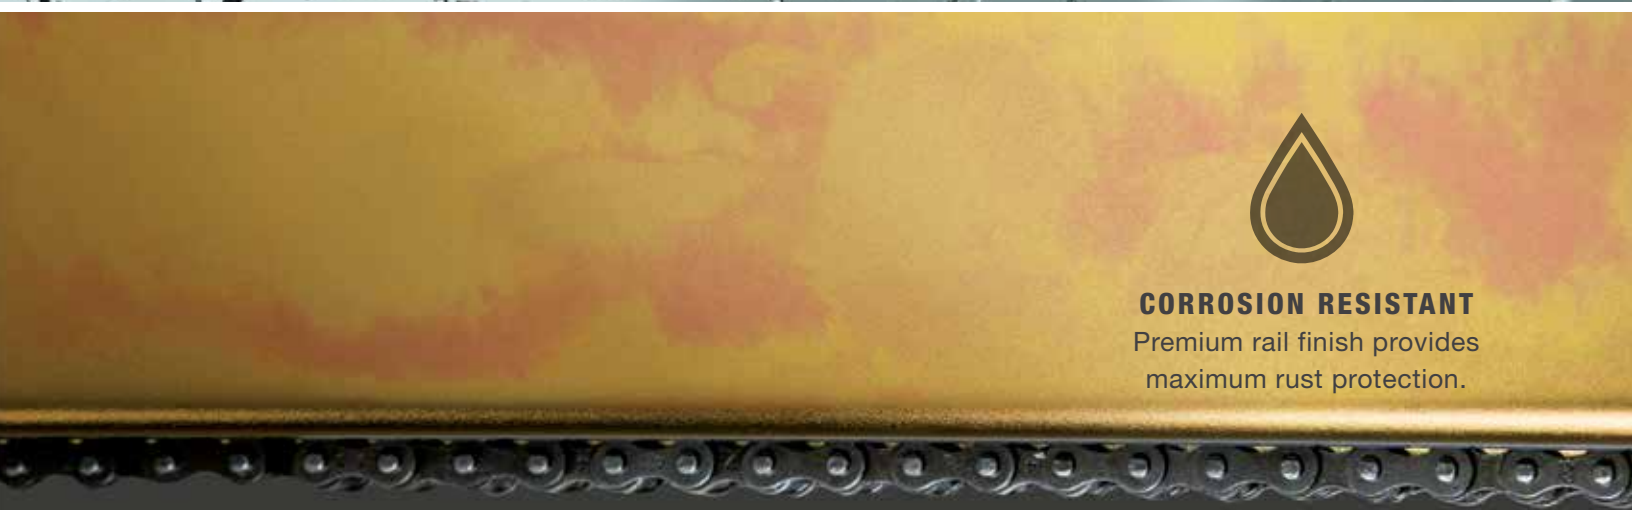

### **NONSTOP ACCESS**

Ensure that your residents can always get in and out with Battery Backup.

### **CORROSION RESISTANT**

Premium rail finish provides maximum rust protection.

# THE QUIET OPERATOR THAT SPEAKS VOLUMES.

Community managers have been impressed by the significant decrease in noise and vibration.

“I can't say enough about the system. Residents have expressed loudly how much they enjoy not hearing the opener. It's quiet and smooth—I expect it will outlive me!

24/7 uptime means the world to me. Not having to go down and babysit a door means I have time to move on to other projects.”

—Karl Rasmussen  
Building Chairman, Real Life Cooperative

“It's smooth and quiet. Before we switched, you could watch a glass of water move on the kitchen island above the garage.

Battery Backup is a very attractive feature. It's nice knowing our doors will continue operating during power outages.”

—Rick Selin  
Board President, Film Exchange Lofts

## SAFETY MADE SIMPLE.

Just like you, we want your parking facility to be as safe as possible for your residents and property. That's why we designed our Specialty Overhead Operator to meet UL® 325 requirements right out of the box. So you never have to question the safety of your doors and gates.

**LiftMaster**

# YOUR NEW FAVORITE TENANT.
